Dear Parent/Carer

### Introducing - Google Classroom

Google Classroom is a free and secure learning network for schools. It provides a safe way for us to connect and access homework electronically.

Google Classroom allows you and your child access to homework through the Internet and is accessible online and through any mobile devices with Internet capabilities—including iPhone, iPad and Android devices.

We have created accounts for all children in school. The login details for Google Classroom are shown below:

The **username** is always the following format:

[first.surname@stjohnsrishworth.org.uk](mailto:first.surname@stjohnsrishworth.org.uk)

The **password** for all pupil accounts is "Rishworth" or "rishworth" (lower or upper case 'r').

In Key Stage 1 we expect the children to handwrite their homework. Then parents can photograph their work and attach to their assignment (this is easily done by using the google classroom app).

A downloadable user guide can be located on the school website by simply clicking on the home learning tab and selecting a year group.

Thank you so much for aiding the further implementation of technology into our curriculum.

Feel free to reach out with any questions or concerns.

We look forward to a great year!

Mr Dewick

Key Stage 2 Manager
