## Autumn Term 2020

### Science – Animals, including humans

In Autumn term, you will be learning more about the human body. You will label the parts of the human body, find out about their functions and how to keep healthy. You will also consider seasonal changes in our environment.

### PSHE – New Beginnings and Safety Week

You will learn about how new beginnings make us feel and consider how to manage tricky emotions in a new class. You will also learn how to work together in class to create a community. In Autumn 1, school will also hold our annual safety week.

### History – Florence Nightingale and Edith Cavell

Our history topic this term will be about the lives of Florence Nightingale and Edith Cavell. You will learn more about what happened to Florence Nightingale and Edith Cavell as wartime nurses. You will also learn more about nurses and doctors today.

### Geography – Map skills

This term, you will learn more about locating places on a map. We will map out the places that Florence Nightingale visited during the Crimean War and trace her journey from England to the Scutari hospital.

### Physical Education – Games and Dancing

You will learn to throw and roll balls in a controlled way. You will play games with a partner to skim and bowl these different types of equipment. You will also learn more about dancing and how to move gracefully.

### Religious Education- What do Christians believe that God is like?

You will learn more about how Christians believe that the stories of "The Lost Son" and "Jonah" demonstrate the relationship that they have with God and shows Christians how to pray, worship and support other people.

### Design and Technology – Cooking

You will be learning to prepare and cook bread. You will read the story of "The Little Red Hen" and understand more about how flour is produced and how to use the ingredients to make bread. You will also evaluate the bread after tasting it.

### Art – Painting

This term you will study how different artists paint portraits. You will learn how to create different facial features and consider colour mixing.

### Music - Storytime

You will learn how to combine sounds to create a musical effect. You will learn the names of instruments and how to use them to create musical patterns. You will also use body percussion.

### Computing – Online Safety and Animated storybooks.

In Computing, you will learn how to keep yourself safe when logging on to Purple Mash and working online. You will also learn to create, organise and store animated stories using 2Create a story.
